Australian Kelpie Sports Event 2023

Welcome at AKSE 2023

It's that time again: the Australian Kelpie Sports Event 2023! A jubilee edition, as it marks the 10th edition of this great event. The 10th edition filled with Australian Kelpies, Working Kelpies and their companions. Full of Agility, Hoopers, Frisbee and workshops. There will be familiar faces and new ones as well. Welcome everyone! We intend to make it another fantastic weekend!

This year we're returning to the original weekend and back to the fantastic accommodation of De Selevia Hoeve. We'll be joined by participants from **6 different countries**. We'll be welcoming **116 Australian Kelpies, 11 Working Kelpies, 1 Kelpie mix**, and an additional **13 dogs of other breeds**.

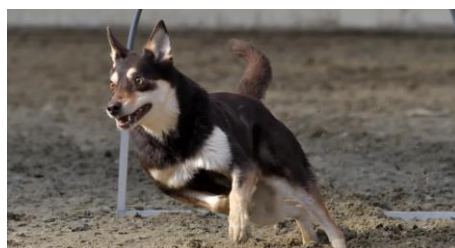

AKSE 2023 is organized by the well-known team of the Australian Kelpie Club: Margo Scheuierman, Bianca Nooteboom, Claudia Posthouwer and Wendy Kloeze. New to the team, taking over from Mariëlle van der Heeden, is Martine Klok-Spoor.

The agility tournament is more crowded than ever before. A total of 100 participants will compete for the well-known Big Eared Cup. Additionally the Hoopers competition has significantly grown in size and the Frisbee Distance Game is well represented with participants. And of course there will be workshops: BAT, Hoopers, Frisbee, and Rally-O. If you haven't registered

but still want to join, ask Wendy and/or Martine about the available options!

This year's judges are **Jan Sprij** (Agility), **Daniëlle van Dam** (Hoopers) and **Wendy Kloeze** (Frisbee).

Please notice the Helpers-list for the Agility Event in this Catalogue. This event is only possible with your help. If you can't make it, get a replacement yourself!

On Saturday evening, after dinner, you can join the festivities at the campsite led by McLéon.

All in all, all the ingredients for a fantastic weekend!

Sincerely, Team AKSE

Australian Kelpie Sports Event 2023

Please notice: Teams with dogs in different height classes!

- No later than **10 minutes** after the start of the course walking, inform the RING STEWARD (Lars) which team member will run the 1st part of the course and who will run the 2nd part.
- The running order will then be adjusted to minimize height adjustments.
- If this information is not provided, the dog in the lowest height class will run the 1st part, and the other dog will run the 2nd part.

We cannot emphasize it enough:

For the Team Final we definitely need 10 to 12 people in the ring to ensure smooth operation, especially when the last teams are running. Please help whenever you have the opportunity!
